# BLUE STREAK NEWS

A PUBLICATION OF  
THE LAKE LOCAL  
SCHOOL DISTRICT

June 2018

Volume 22 Issue 3

## Lake Local Schools

**Vision:** To be a leader in addressing educational, social, and physical needs of students and staff.

**Mission:** Educating generations, serving our community.

## In This Issue

Senior Awards & Scholarships.....	p. 1-3
Lake High School .....	p. 4-5
Lake Middle School.....	p. 5
Lake Elementary .....	p. 6
Uniontown Elementary .....	p. 7
Hartville Elementary .....	p. 8
Construction Update .....	p. 9-11
District News .....	p. 12
Library News .....	p. 13
Band News .....	p. 14
Athletics .....	p. 15

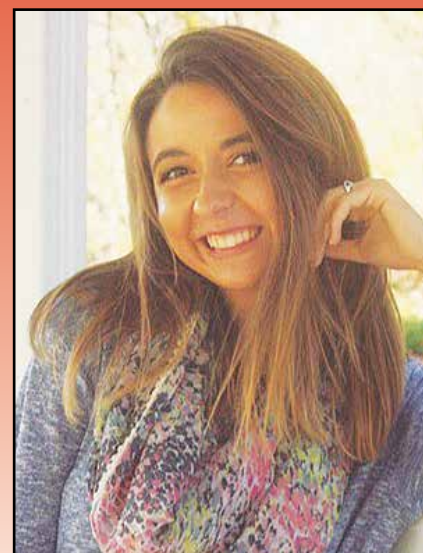

## Congratulations Lake High School Class of 2018

**VALEDICTORIAN**

Business..... Jeremy Brady  
Career Tech..... Autumn Crawford  
English ..... Juliana Fierro  
Fine & Performing Arts..... Chloe Fuller  
French..... Emma Johnson

German ..... Abby McFarren  
Math ..... Juliette Smyers  
Science ..... Andrew Miller  
Social Studies ..... Andrew Dixon  
Spanish..... Diana Nazarchuk

## Special Awards

Principals Award ..... Marysa Njegovan  
Rick Porter Memorial Scholarship ..... Ryan Heakin  
Rob DiGiacomo Memorial Scholarship..... Luke Hackenberg  
Ron Starkey Law Firm Legal Studies Scholarship (Cert)..... Skylar Hill

U.S. Air Force Math / Science Award ..... Michael Dickens  
U.S. Air Force Math / Science Award ..... Megan Swope  
U.S. Marines Distinguished Athlete Award (Female)..... Natalie Mizer  
U.S. Marines Distinguished Athlete Award (Male)..... Alexander Keith  
U.S. Marines Scholastic Excellence Award ..... Drake Wartman  
U.S. Marines Semper Fidelis Award ..... Sydni Doyle

# SENIOR AWARDS

Lake High School seniors received the following awards during the Senior Recognition Ceremony for the Class of 2018.

## Community Scholarship Awards

Akron Beacon Journal Star Student .....	Drake Wartman, Lexi Bailey
AultCare Team Spirit Award .....	Gabrielle Koesel
Basug Medical Career Scholarship .....	Drake Wartman
Danner Dental Scholarship .....	Juliette Smyers
Friends of Lake Orchestra Scholarship .....	Juliette Smyers, Sophia Yoder
Howard R. Miller, Sr. Memorial Scholarship .....	Lexi Bailey
James W. McPherson Jr. Legal Studies Scholarship .....	Gabrielle Koesel
Kemphorn Motors Educational Excellence Scholarship .....	Isaac King
LAB - Anonymous Scholarship .....	Irene Kotyk
LAB - Buckeye Packaging Scholarship .....	Hannah Romanoski
LAB - Hartville Hardware & Lumber Scholarship .....	Juliette Smyers
LAB - Hartville Kitchen Scholarship .....	Luke Hackenberg
LAB - Hartville Market Place Scholarship .....	Drake Wartman
LAB - Kimberly Bosko Memorial Scholarship .....	Riley Pavlik
LAB - Ramsburg Insurance & Financial Services Scholarship .....	Joseph Drinkwater
LAB - SoL Harris Day Scholarship .....	Natalie Mizer
LAB - SoL Harris Day Scholarship .....	Rebekah Starkey
LAB - Spanish Club Scholarship .....	Jack Bullock
LAB - Spanish Club Scholarship .....	Andrew Miller
LAB - The Bagnoli-von Gruenigen Scholarship .....	Andrea Dixon
LAB - The Bagnoli-von Gruenigen Scholarship .....	Diana Nazarchuk
LAB - Lake Local Administrators Scholarship .....	Jaron Smith

LAB - Tomtreycy, Inc. DBA McDonald's Scholarship .....	Matthew Evans
Lake Athletic Booster Club - John W. "Chief" Fettes Memorial .....	Andrea Dixon, Luke Hackenberg, Johnathan Vercuski, Jeremy Brady
Lake Band Booster Schlp. ....	Lexi Bailey, Sydni Doyle, Ashlyn Fuller, Melissa Mitchell
Lake Choral Booster Scholarship .....	Emerald Watson, Hannah Romanoski
Lake Elementary PTO Scholarship .....	Emerald Watson, Diana Nazarchuk
Lake Local Education Association Scholarship .....	Alexandra Berrios, Amanda Swindell
Lake Township Historical Society Scholarship .....	Evan Protsman
LifeShare Scholarship .....	Mariah Dellinger, Alexander Keith, Drake Wartman
Linda S. Hodges Scholarship .....	Hannah Oswald
Lion's Club of Hartville/Uniontown Schlp. ....	Matthew Evans, Vincent Gaj, Rebekah Starkey
Nancy Moffat Hartville Elem. PTO Scholarship .....	Drake Wartman, Skylar Zucal
National Merit Scholarship .....	Juliette Smyers
OHSAA Archie Griffin Sportsmanship Award .....	Ryan Dadich, Alexandra Berrios
OHSAA NFHS Ethics and Integrity Award .....	Jeff Baker, Gabrielle Koesel
OHSAA Scholar Athlete Award .....	Luke Hackenberg, Elizabeth Romigh
Uniontown PTO-Mary A. Myers Schlp. ....	Andrea Dixon, Natalie Mizer, Jayne Yerrick

Andrea Dixon

Chad Holmes  
Mariah Dellinger  
Diana Nazarchuk

# Bang for your buck.

## That's what drew Hollie Bandy to Stark State College.

“ You really get a lot of value for your education dollar. I have a friend taking the same classes at a university and paying three times as much – you get the same quality at Stark State for less. ”

Spend less. Earn more. Go further.

[starkstate.edu](http://starkstate.edu)

## Seniors Walk through Elementary Buildings

Wearing caps and gowns, approximately 89 Lake seniors recently took a final walk through Uniontown Elementary, 91 went through Hartville Elementary, and 180 passed through Lake Elementary as a way to see these buildings and former staff, and to allow younger students to congratulate them!

"I was amazed at the looks on the faces of our seniors - they never stopped smiling," said Lake High School Principal Dan Harold. "After we returned to the high school, the Class of 2018 gathered for a picnic, and I can't tell you how many of them commented on how great it was to see all of you and to go through the halls one more time," he added in an e-mail sent to staff.

Plans call for making this **senior walk** an annual event!

*Congratulations, Alexis!*

## Best in Show for Senior

Senior **Alexis Greer-Armentrout** was not only the youngest artist to be accepted in the **76th Annual May Show** in North Canton, but also her drawing won 'Best in Show' AND one the judges purchased the work! The award ceremony was held recently at the North Canton Library Art Gallery; the show remained on exhibit for a couple weeks.

## GenYES Students Teach Robotics

Students in the GenYes Career Tech program visited second grade classrooms this past late winter/early spring to teach our younger students robotics literacy.

The GenYes students programmed Humanoid and Rover robots to count money using Artificial Intelligence and also follow command prompts. These robots were also used to teach kids basic programming skills, and second graders were able to program the robots to do various tasks and were directly involved with the coding of them.

Students enjoyed learning and collaborating together with our high school students, and with robots!

## Senior Project Leads to Mercy Medical Center Donation

A great fundraiser started in 2017 benefiting a local medical unit was continued in 2018.

Following in the steps of 2017 Lake grad Jonathan Harold who organized a Lake varsity baseball tournament last year to raise funds for Mercy Medical Center in Canton's Neonatal Intensive Care Unit (NICU), was 2018 Lake senior **Natalie Mizer**.

With assistance from varsity baseball coach **Joe Anderson**, Natalie staged the second annual *NICU Classic baseball tournament* held April 21, 2018, as her National Honor Society service project this year.

*(l to r): Jackie Wolf, Natalie Mizer; Stacy Kovacs (with Mercy), Joe Anderson, Dan Harold.*

Participating 2018 baseball teams included Lake Center versus Field, Perry against Wadsworth, and Lake versus Alliance. "Each team gave a \$100 donation to support the cause," said Anderson.

Staff at the Mercy Medical NICU were pleased to accept a check from Natalie May 22, 2018, in the amount of \$1,137 raised from the 2018 tournament.

Jon pursued doing this fundraiser last year as a service project as a result of being a premature infant himself, and spending a significant amount of time in the NICU after being born.

*(See additional story regarding high school Health Tech students on p. 5)*

### Academic Challenge Team Completes Successful Season

The Academic Challenge Team at Lake Middle School, along with coach **Courtney Miller**, had an excellent season this school year! The team finished the season with an 8-2 record, beating teams from Jackson, Oakwood, and Perry. The team consisted of sixth, seventh, and eighth-graders including **Micah Coblentz, A.J. Doane, Jack Armstrong, Abbey Constantine, Kylie Bailey, Ashlee Cunningham, Esther Kotyk, Jacob Behrend, Sydney Minor, Kaidyn Cunningham, Aaron Hess, Cooper Bertschi, and Robert Schrembeck.**

Team captains Cooper Bertschi and Aaron Hess demonstrated true leadership abilities as they made their teammates feel included and valued. Modeling team unity and respect for one another and other teams on a regular basis, the team was complimented by parents and coaches for these qualities. The team had the academic strength to answer multifaceted trivia questions, as well as maturity to handle challenging situations in a dignified manner. Your coach, parents, and school are proud to have these fine students represent the Blue Streaks. Congratulate these students for their amazing season!

### Writing Team Wins Grand Champion Honors at Regional Tournament

Congratulations to Lake Middle School's seventh and eighth-grade creative writing team, which was named Grand Champion of the PenOhio Regional Tournament at Malone University Saturday, March 3, 2018. Middle school students in the tournament competed in three 40-minute rounds, writing an original story in response to a new prompt in each round. After the stories were judged, our team earned the highest total score among the 12 schools in the tournament.

The seventh-grade team of **Emily Bolton, Dina Cherevko, Kaysea Hartman, Natalie Holstine, Jordan Scheffler, and Amanda Yokley** also placed first at their grade level. Individual seventh grade honors went to **Natalie Holstine** for fourth place and **Amanda Yokley** for fifth. The eighth-grade team of **Peyton Burns, Emily Cozine, Kaidyn Cunningham, Trent Hobson, Amber Lanctot, and Tessa Miller** placed third at their grade level. **Kaidyn Cunningham** placed fourth in the eighth grade.

Nine members of the team qualified to continue on to the PenOhio State Tournament at the College of Wooster May 25, 2018. Representing Lake Middle School in PenOhio state competition were seventh-graders **Emily Bolton, Kaysea Hartman, Natalie Holstine, Jordan Scheffler, and Amanda Yokley**, and eighth-graders **Peyton Burns, Emily Cozine, Kaidyn Cunningham, and Amber Lanctot.**

The team began practicing for this year's writing tournaments in October. Their first competition was the Write It! Tournament at the University of Mt. Union Saturday, February 24, 2018. At that tournament, the seventh-grade team placed third and the eighth-grade team won first place.

At Mt. Union, individual awards were presented to **Emily Bolton** for 13th place and **Natalie Holstine** for sixth place in the seventh grade. In eighth grade, **Tessa Miller** placed 12th, **Emily Cozine** 10th, **Peyton Burns** ninth, and **Kaidyn Cunningham** fifth. Kaidyn also won a Best of Round award for the second round.

Team members who wrote during practices and volunteered at the tournaments were seventh-graders **Natalie Briem, Ashley Martin, and Brittany Walker**, and eighth-graders **Elizabeth Ballway, Madison Lisy, Ryan Moorhead, Robert Schrembeck, Audrey Warnick, Aleigh Welsh, and Riley Wolfe.**

We are proud of Lake Middle School's creative writers!

### Technology Class Earns Sixth Place in Contest

Students in Cristina Jones' eighth-grade Technology Education class recently created videos to help spread the word about the importance of recycling. The video, created by **Andrew Dusman, Zachary Graves, Aaron Hess, Ryan Thomas, and Scott Reynolds**, won sixth place in Pepsi's Recycle Rally Commercial Contest. These students earned a prize of \$400 for the school to support STEM initiatives. More than 70 schools participated in the contest. Visit [www.youtube.com/watch?v=sKA5mJB-GOw&feature=youtu.be](http://www.youtube.com/watch?v=sKA5mJB-GOw&feature=youtu.be) to view the short video.

The Pepsi Recycle Rally is a free nationwide program that directly benefits K-12 schools and students by providing valuable incentives and resources to help make recycling easy, fun, and rewarding. The Science and Engineering Club has taken part in Pepsi's Recycle Rally program for three years. Each year the club increased their collection goals and met them. This year more than 28,000 bottles were recycled at the middle school alone.

Congratulations to these students, Mrs. Jones, and the entire school for making recycling a priority!

(Additional story from Lake High School)

### Health Tech Students Receive Recognition, Scholarship

Several Lake Health Tech Prep juniors participated in the Health Professions Affinity Community (HPAC) program offered by Northeast Ohio Medical University (NEOMED) by planning and presenting a project this year entitled "Run for a Cure." The students were **Haley Rhodes, Courtney Kirven, Jessica Lostoski and Larissa Jarka.**

"They started their project last October, and worked hard to put it together. Run for a Cure was held on St. Patrick's Day this past March at the Lake Alumni Stadium. It was a color run (colored powder was thrown on participants at various points in a 2-mile run), and raised money for cancer awareness," said Health Tech instructor **Chris Baker.**

These students were then recognized for their project during the sixth annual HPAC Scholars Day held April 29, 2018, at NEOMED. More than 69 other schools participated in this event.

"In addition, I would also like to recognize Lake student **Drake Wartman** as a recipient of the HealthPath Foundation's Emerging Health Leader scholarship awarded to two HPAC participants. Drake was also recognized during closing ceremonies at the event," said Gina Weisblat, director of Education for Service in the college of Medicine and creator of the HPAC program at NEOMED.

Drake Wartman

"Drake is an incredible young man and so deserving of this scholarship. He will be attending Kent State and pursuing a Biology degree with a Pre-Med focus. His goal is to become a physician. He worked very hard on his scholarship application. I am so proud of him!" added Mrs. Baker.

Congratulations to all these students and their instructor, Mrs. Baker!

Hayden Croyle

## Art, Mathematics, Technology Unite!

### Fourth Grade Art

Fourth grade art students in Jamie Stegner and Joni Susa's classes examined the merging of three subject areas and the richness that these interdisciplinary connections bring to art-making! Using cutting edge Osmo technology and software in conjunction with iPads, students practiced using a new method for drawing, teaching the eye to communicate between the brain and the hand.

Next, students accessed the online app, Percolator, to transform their drawing into a fun and frenzied series of multi-scaled circles. Students used this as inspiration, adding concentric circles, line segments, and a variety of angles to enhance the aesthetics of their drawings. Miss Stegner, Mrs. Susa, and all of the fourth-grade artists sincerely thank the non-profit organization, ArtsinStark, for their continued collaboration with Lake Elementary, making these art specific technology experiences possible for our students!

**TEEN INSTITUTE**  
FOR PREVENTION LEADERS

## Math Team Performs Well at Tournament

The Lake Elementary Math Team started meeting the first week in January and worked hard to prepare for a county-wide tournament. The team then competed at the Greater Cleveland Council of Teachers of Mathematics (GCCTM) tournament Saturday, March 3, 2018, at Massillon High School. Fifteen fifth graders competed against Green, Jackson, Marlinton, Perry, and Plain. Competing in mental computation were **Adam Hess, Sarah McCloskey, and Daniela Scheffler**. Solving number sense problems were **Zachary Byler, Jack Dinwiddie, and Lauren Pierce**. Vincent Giganti, Cole Kiser, and Kaleb Mace participated in geometry and measurement. In the algebra, data, and probability category were **Grace Artman, Nate Teeple, and Peyton Ury**. Working together for Lake were **Ryan Anderson, Liam Hughes, and Kaden Vannatter** for team problem solving. Several of our Blue Streaks placed in their area of competition.

Placing in the top eight individually were the following students:

**Jack Dinwiddie** placed 8th and **Lauren Pierce** placed 5th in Number Sense.

**Nate Teeple** placed 5th in Algebra, Data, and Probability.

**Cole Kiser** placed 8th in Geometry and Measurement.

**Daniela Scheffler** placed 6th and **Adam Hess** took 1st place in Mental Computation.

**Ryan Anderson, Liam Hughes, and Kaden Vannatter** tied for 3rd in Team Problem Solving

*Great Job Blue Streaks!*

*The Teen Institute from Lake High School takes time out to snap a group picture with their leader, Mrs. Gregerson, and Mason, the therapy dog!*

## Guidance News

*Mrs. Paula Whetstone Substitute Elementary Counselor*

It has been a very busy spring at Lake Elementary School! The Teen Institute students from Lake High School came to make a special visit to the fourth and fifth-graders. The teens did quite a few shows for the students in the small gym. Their advisor, **Sharyl Gregerson**, worked hard with them to do some very cute skits about respect, responsibility, friends, internet safety and how to handle anger. They also had many other interesting skits dealing with good and bad choices! The teens introduced themselves, told about their hobbies, ate lunch in the cafeteria with the students, and wore t-shirts with a Lake Teen Institute logo on the front. They did a fabulous job and the students displayed fantastic behavior while watching and interacting with them!

If you have a middle school student or a high school student who would be interested in becoming a Teen Institute member, please contact Advisor Sharyl Gregerson. Their mission is to stay drug free, alcohol free, and smoke free! They work during prom season and all during the year to help promote healthy choices and drug free themes.

Thank you teens and Mrs. Gregerson for spending the entire day and giving of your time for the younger students! They loved it! You are the BEST!

### Kindergarten

Kindergarteners learned about the life cycle of a plant and what plants need to grow during this unit of study. On the first day of Spring, they each planted three lettuce seeds. They watered them, kept them under lights, and took care of them for several weeks. Once the plant had grown, they harvested it and made a salad. They were proud that their hard work paid off!

Kindergarteners also visited the Akron Zoo to learn about living and non-living things. They learned about characteristics of animals, their habitats, and wildlife conservation. Even though it rained all day, the students learned a lot and enjoyed spending time with their classmates. It was a great year in Kindergarten and we wish all our families a safe, fun-filled summer!

### Military Dad Surprises Daughter at School

A father who serves in the military returned home to Uniontown Friday, May 17, 2018, from South Korea and surprised his daughter in Jeannie Bussey's and Jeff Franklin's rooms.

Student **Akira Love** welcomed father **Xavier Love**, Senior Airman from the U.S. Air Force, back home as soon as she saw him.

Love has been stationed in South Korea for two years. He returned home last summer to see his family for a short time. He came home this spring for a three-week visit, then will fly back to South Korea.

*Thank you for your service and your family's sacrifice!*

### Third Grade

The last week of school can seem lengthy as students anticipate the summer break, but third graders were busy filling the days with some fun memories. Our science unit focused on life cycles, predators, prey, and food webs. We dissected owl pellets and reassembled the bones we found on a piece of black paper. Most of the students loved this activity and wanted to purchase some owl pellets this summer. Maybe you'll find some at a park this summer.

In our social studies unit we learned about Uniontown history. We told students about marble contests that boys and girls had in the past. We hosted our own marble tournament and the students LOVED it. They also want to purchase marbles this summer. Mrs. Pressler also shared her knowledge of Uniontown School history. The front hall has a wealth of memorabilia and the students learned how the school has evolved. It was especially meaningful this year as they are watching changes taking place. They'll be able to tell their children they remember when Uniontown Elementary looked so different!

We have a partnership with Walsh University Science Department. They visit our school once each year to share information about soil, root systems, animal adaptations, and animal skeletons. Then we visit Walsh for a day of learning. Students examined pond life under a microscope, learned about scat, flower pollination, animal tracks and insects. The students also toured the college. We had a terrific time and are fortunate to have this partner in our community.

Finally, our parents hosted a wonderful outdoor lunch with fun games and activities. Thank you for your support throughout the year. You know they say, "time flies when you're having fun" - we had a blast and can't believe the school year is over.

### First Grade

Brian Collins, Holly Collins, and Karla Nalepa's classes teamed up for a Project Based Learning unit on plants earlier this spring!

All first grade and second grade classes were paired up for lots of fun learning activities, and the kids had a great time.

### Third Grade

Third grade students go to Walsh University on an end-of-year field trip. This is an engaging learning experience that complement our science and social studies instruction! We walk around the entire campus and see what college life is like. The students visit a biology lab, investigate what lives in a creek through microscopes, learn about how insects eat, and finally understand

footprints and scat from various habitats. The students' learning is invaluable and they are completely engaged.

### Second Grade

#### Visiting the Hall of Presidents

It was time to meet some of our U.S. presidents, all magically alive and well with lots of interesting facts to share about themselves, when Hartville Elementary second graders and staff staged their *Hall of Presidents* activity Friday, May 11, 2018, in the Lake Elementary big gym. Parents and other Lake staff were invited to attend this third annual event.

All five second-grade classes, or about 120 students, dressed in attire to resemble a president of their choice, lined up in the gym where visitors could see them. All stood waiting to receive a light touch of hand by a visitor. When touched, each student shared interesting facts about the president they were impersonating.

Seeing the different outfits and hearing the different facts is always fun," Mrs. Williams added.

Mrs. Williams said many students tend to pick presidents that they know well, like Washington and Lincoln, and ones who have been president since they've been born (Obama and Trump.)

For the record, three Donald Trumps made an appearance this year!

"This activity is part of our history standards. The students chose a president, do research from books, kid-safe search engines like KidRex, and president fact cards. They do four pages of research in order to prepare for the event," said second grade teacher Kristin Williams. "The students love learning "fun facts" about their president. Some presidents had strange and interesting pets in the White House, some were the first president to have electricity, ride in a car, etc. The kids learn that the presidents were normal people with all kinds of interests. Parents are encouraged to listen to as many students as possible – which they love to do!

### Second Grade Artists Explore Hokusai's Great Wave and Our "Plastic Ocean"

Second Grade artists in Joni Susa's and Jamie Stegner's art classes studied the amazing woodblock prints created by master Japanese artist Hokusai. The Great Wave of Kanagawa was our inspiration as we explored our "plastic oceans" via documentary and other artistic responses to the growing problem of plastics, Styrofoam, and other harmful trash ending up in our oceans. Students were introduced to the idea of creating a piece of artwork that makes a very personal statement about global issues. We are starting to learn that even as a young student, it is important to understand that our actions and choices will make a positive or negative impact on our world.

Students observed and studied the work of art, and discovered the history behind the famous woodblock painting, as well as many uses the painting has served over the years. It has been a popular choice for other artists creating it in parody, and its appearance in the fashion world has made this painting extremely recognizable internationally.

For our statement piece, artists followed a guided drawing tutorial to create their version of *The Great Wave* using tempera paints. From there each student searched magazines for imagery that includes plastic and Styrofoam to then collage into their work of art. Students were deeply touched by the documentary we watched that exposed the outcome and devastation that plastic trash is having on our marine life and eventually our bodies through the fish we consume.

Evan Phillips and Noah Lisy with their "in-progress" statement pieces.

# CONSTRUCTION UPDATE

## Beam Signings Commemorate Start of New Construction

New construction will begin on the eastern expansion of the Middle/High School project this summer, facing Market Ave. To commemorate the start of this new phase, a beam signing took place Friday, May 4, 2018, and Lake seniors were invited to sign a steel beam that will be installed within the building at a later date.

Likewise, a similar beam signing took place Friday, May 11, 2018, to commemorate the start of new construction/remodeling at Uniontown Elementary, which will become our new Pre-K-1 building. Students from the classes of Ali DeGeorge, Kaitlyn Rushin, Kelly Wheeler, and Sharon Riggs were invited to sign the beam.

## Love Our Community Plans Free Summer Meals

Some families with children, and senior citizens living in Lake Township, need help in putting meals on their tables.

To address this stark reality, *Love Our Community*, a community-based collaboration of local churches, schools, and other groups, is making plans now to offer free lunches and dinners twice a week for 13 weeks during the summer of 2018.

Plans call for meals to be served at Hartville Memorial Park (near Lake Elementary) in a picnic shelter. Lunches will be from noon – 2 p.m., and dinners from 5:30-7:30 p.m. **Mondays** and **Thursdays** beginning June 4, 2018, and continuing through Thursday, August 30, 2018. Love Our Community is looking for volunteers to help in a variety of ways.

Love Our Community's Kelli Viscounte is organizing this summer meal program, and asking community partners including businesses, churches, organizations, and clubs to step forward to sponsor or donate meals and arts and crafts activities during the summer. Love Our Community will help with planning and advertising the events, leading games, and even providing shoes/clothing items as needed for some attendees who may need them.

In addition, the Lake Community Library plans to support these Summer Meals by attending and participating on certain dates. Families can learn how "Libraries Rock!" while getting information about free summer events for all ages, participating in the Summer Reading program, and enjoying other fun surprises along the way.

If you would like provide meal(s) and/or be part of this Summer Meals program, contact Mrs. Viscounte ASAP at 330-412-9876, or e-mail her at [loveourcommunitylake@gmail.com](mailto:loveourcommunitylake@gmail.com).

These summer meals are open to all; come enjoy a meal with other community members if you are able, and/or get involved with your local church or organization to support this summer program!

# CONSTRUCTION UPDATE

## Construction Continues on Schedule at Three Sites

### Middle/High School

The two-story addition is approaching completion, with a grand opening in August for the upcoming school year! Construction crews are working on the final touches for interior finishes and installing technology in the classrooms. Furniture delivery will occur over the summer, as well as final cleaning, testing and commissioning. On the outside of the building, crews will be busy installing new sidewalks, bus access from Lake Center Road and improvements to the west parking lot for the new bus and parking configurations.

Additional phases of work will commence this summer on existing portions of the building. This includes the segregation and demolition of the 200/300/400 classroom wing. This will make way for a new gymnasium, science classrooms, new main entry and two-story connection corridor. This phase of work will take the course of a year to complete. There will also be significant renovations of the art and music wing in the existing high school. After significant coordination and planning efforts, construction crews are ready to begin work on an intense, 15-week renovation schedule to be completed by the end of the summer.

*Middle/High School Classroom*

*Middle/High School Hallway*

*Middle/High School Collaboration Stairs*

*Middle/High School Staff Area*

*Middle/High School Screen over Collaboration Stairs*

*Middle/High School Upstair Hallway*

*Middle/High School Upstairs Hallway and Lockers*

# CONSTRUCTION UPDATE

## 2-6 Elementary School

The new Lake 2-6 School is undergoing final finishes and interior cleaning. The furnishings for the entire building will arrive later this month and will be assembled and placed thereafter. The gymnasium equipment and wood floor are currently being installed and nearing completion. On the exterior of the building, you will see construction crews working on final grading, concrete sidewalk installation and asphalt paving. By midsummer demolition of the Lake and Hartville Elementary buildings will begin. Both buildings will be down by the start of the school year, however additional site work and parking lots will be put in place through the fall. All work is on schedule and quickly moving towards the grand opening for the 2018-2019 school year!

*Lake Elementary Exterior*

*Lake Elementary New Sidewalks*

*Lake Elementary Kitchen Walk-In Cooler*

*Lake Elementary Administrative Office*

*Lake Elementary Choir Room*

*Lake Elementary Band Room*

*Lake Elementary Gym*

## Uniontown Elementary School

The Uniontown Elementary addition and renovation project is underway. Masonry walls, concrete slabs, metal decking and roofing is currently being constructed for the gymnasium, classroom and media center additions. Once the new roof is placed on the additions, roofing contractors will shift to replacing the roof of the existing building. At the end of May, contractors will begin working on extensive interior renovations. All additions and renovation work will be complete by winter break of the 2018-2019 school year, when Uniontown will reopen as a PK-1 school.

## Attend Lake Friends of the Library Book Sale

Plan now to attend the annual, popular  
**Lake Friends of the Library (FOL) Book Sale**  
at the Lake Community Library  
**Wednesday - Saturday, June 13-16, 2018**

### Why it is so great?

- Prices are reasonable (Paperback are .50 Hardback books are \$1.00).
- Items are sorted and arranged by author and subject.
- Children's books are displayed creatively by age and reading levels.
- The sale is held just once a year and the selection is huge and varied.
- In addition to books, the sale has a media section with CDs, DVDs, Audio books. Some puzzles may also be available

Hours for the Book Sale will be as follows:

Wednesday, June 13 – 5:30-7:30 p.m. **OPEN to FOL members only**; \$10 FOL memberships will be offered at the door that night

Thursday, June 14 - 9 a.m. - 7:30 p.m. Open to Public

## Check Out these Lake Library Events!

### Children's Programs

#### Summer Reading Kick-off

Monday, Jun 4 | 1-4 p.m.

Step back in time for some nifty 50s fun. Join us for music, crafts, dancing, and cool activities because Libraries Rock!

#### 13th Annual Lake Community Branch Photo Contest

In Partnership with Quail Hollow Camera Club of Hartville

Jun 4-Jul 28

For amateur photographers ages 8 and up. Entries are due July 28th to Lake Community Branch.

Judging: Tues Jul 31 | 6-8 p.m.

#### Story Times\*

Baby: Tuesdays, 11 a.m.-noon

Jun 12, 19, 26; Jul 10, 17, 24, 31; Aug 14

Toddler: Wednesdays, 10-10:30 a.m.

Jun 13, 20, 27; Jul 11, 18, 25; Aug 1, 8, 15

OR

Thursdays, 10-10:30 a.m.

Jun 14, 21, 28; Jul 12, 19, 26; Aug 2, 16

Preschool: Wednesdays, 11 a.m.-noon

Jun 13, 20, 27; Jul 11, 18, 25; Aug 1, 15

OR

Thursdays, 10-11 a.m.

Jun 14, 21, 28; Jul 12, 19, 26; Aug 2, 16

Pajama: Wednesdays, 6:30-7 p.m.

Jun 13, 20, 27; Jul 11, 18, 25; Aug 1, 15

#### Yoga Story Time

Sponsored by Lake Community YMCA

Wednesday, Aug 8 | 10-11 a.m. and 11 a.m.-noon

Join us for this special story time as Karen from the Lake YMCA will lead us in some yoga stretches and stories.

#### Lego Club\*

Saturdays, Jun 9; Jul 14, Aug 4 | 2:30-3:30 pm

Family: Use your imagination to build fantastic creations. LEGO and DUPLO bricks are provided, as well as KEVA planks.

#### Libraries Rock! with the Geodes\*

Monday, Jun 11 | 2-3 p.m.

Why are geologists successful? They take nothing for granite! The Geodes Club from KSU Stark Campus will lead lab experiments with different rocks.

#### Popcorn and a Movie Day\*

Tues Jun 12, Sat Jul 28, Fri Aug 17 | 2:30 pm

Come to the library for a movie and popcorn. When possible we will show a movie newly released on DVD.

#### Mother-Daughter Book Club\*

Thursdays, Jun 21; Jul 19; Aug 16 | 6-7 p.m.

Girls in grades 3-5 and their female caregivers read the selected book together each month, and then come to the library to discuss it. Call for titles.

#### Pups and Pages\*

Saturday, Jun 23 | 10:30 a.m.-noon

Licensed therapy dogs will listen to you read. Bring a book or borrow one of ours.

#### Libraries Rock! with Drummers\*

Monday Jun 25 | 2-3 p.m.

Jam out with Instructor of Percussion Brian Bennett as he teaches about percussion instruments and special rhythms. Everyone will get to try out a drum!

#### Boys and Books Book Club\*

Mondays, Jun 25, Jul 23, Aug 27 | 6-7 p.m.

Suggested for boys in grades 3-5 and a caregiver. Read the selected book together each month, and then come to the library to discuss it. Call the library for titles.

#### Northeast Ohio Rocks!\*

Saturday, Jun 30 | 2-4 p.m.

Nancy Powell Pierson, creator of Northeast Ohio Rocks, explains this group and its phenomenon on Facebook. Each participant will go home with a painted rock.

#### The Tech Petting Zoo

Monday Jul 16 | 2-3 p.m.

Discover technology like programmable robots, VR glasses and augmented books, tablets and fun apps to play.

#### Libraries Rock! Instrument Petting Zoo

Monday Jul 30 | 2-3 p.m.

Do you want to play an instrument? Lake High School band instructor, Rich Kibler, will bring instruments to the library. Learn about different instruments and try them out.

#### Creating Video Games with Bloxels\*

Monday Aug 6 | 2-3 p.m.

Join us as we physically build a 2D game using Bloxels. Limited space available; register early.

#### Summer Reading Finale Celebration\*

at the McKinley Museum

Saturday, Aug 11 | 10 a.m.-2 p.m.

Enjoy dino-themed fun, explore science shows, and eat ice cream! If you completed 40 days of reading, you'll enjoy an exclusive show and receive a bonus pass to the McKinley Museum.

#### Libraries Rock! with Puppets\*

Monday, Aug 20 | 2-3 p.m.

The Great Lakes National Puppet Theater brings two familiar tales to life through puppetry and song. Call the library for location details.

### Teen Programs:

#### Summer Reading Kick-off

Monday, Jun 4 | 1-4 p.m.

Step back in time for some nifty 50s fun. Join us for music, crafts, dancing, and cool activities because Libraries Rock!

## High School Band Students Recognized at Annual Spring Awards Banquet

Congratulations to all the Lake High School Band students recognized at the annual Spring Awards Banquet at Guy’s Party Center April 30, 2018. The following awards were presented:

- **Curtis Lacey** received the John Philip Sousa Award. Curtis was selected as the best representative of the band program in overall leadership and performance ability.
- **Nick Kohler** was awarded the Louis Armstrong Jazz Award. This award represents the person who has contributed in both leadership and performance to the jazz program.
- **Sydni Doyle** received the Semper Fidelis award sponsored by the United States Marine Corps. This award is given to a musician who has first chair performance abilities and corresponding leadership skills to positively impact the performing group.
- The Director’s Award was given to junior **Mary Shaub**. Mary demonstrated outstanding leadership and growth on her instrument, contributing to the successful year for the Symphonic Band.
- The Wind Symphony Leadership Award was given to **Maddy Boarman**. Maddy demonstrated outstanding leadership within the Wind Symphony this year, contributing to their successful year.
- The Outstanding Concert Band Members were awarded to **Matthew Desjardins** - freshman, **Aaron Igleheart** - sophomore, **Derek Gullett** - junior, and **Keagan Scott** – senior.

- The Outstanding Marching Band Member Awards were presented to **David Whitacre** - freshman, **Charleigh Riffle** - sophomore, **Baylee Sweitzer** - junior, and **Carmen Rossi** - senior.
- Outstanding Soloist Awards in jazz were given to **Derek Gullett** and **Logan Martin**.
- V.I.P. (Very Improved Player) Awards for jazz were given to **Adam McCloskey, Tannor Boston** and **Ashton Ninni**.
- The “Steady as a Rock” Award was given to **Emily Schrembeck** and **Rochelle Leeper**. This award is given to a jazz band member that exhibits the most dependability with their actions and on their music.
- The marching band’s auxiliary line was recognized for their participation by receiving a flag pin. They are **Lauryn Cunningham, Alexandra Gordon-Waite, Jade Hamrick, Emma Labbe, Jackson Lewis, Caz Nespo, Charleigh Riffle, and Jenna Sawyer**.
- **Sydni Doyle** received a trophy for being this year’s “Script Lake” leader.
- All students that participated in a musical ensemble outside of Lake were also recognized, including **Derek Gullett**, who auditioned and was accepted to play in the OMEA All-State Orchestra.
- Service Awards were presented to seniors **Lexi Bailey, Austin Gunn, Alex Ramos, Ryan Dugan, Joel Robinson, Jason McSherry** and **Wade Yoder**. These are students that have gone above and beyond the requirements of band to help out in different ways.

Each of the senior band officers were presented with an engraved key chain for their service to the band: **Chad Holmes** – President, **Lexi Bailey** – Vice President, **Rebekah Starkey** - Treasurer, **Amanda Swindell** – Secretary, **Sydni Doyle & Melissa Mitchell** – Historians, and **Ryan Dugan** – senior representative.

- Four \$1,000 Band Booster Scholarships were awarded to seniors **Lexi Bailey, Sydni Doyle, Ashlyn Fuller** and **Melissa Mitchell**. These students were chosen based on scores from essays, interviews, and activities.
- The Jimmy Tawney Scholarship was awarded to senior **Amanda Swindell**. This scholarship goes to a band student who continually demonstrates unconditional kindness to others.
- The Zach Doherty Award and Scholarship was presented to seniors **Nathan Beine** and **Rebekah Starkey**. Because of the generosity of the Doherty family and friends, these two students received this award and scholarship in memory of 2014 Lake High School graduate and Lake Band member, **Zach Doherty**. This award is presented to band students that strive to do their best in all tasks in band without expecting any recognition in return, just as **Zach** lived his life.

All students enrolled in the band program for their first year were recognized by receiving a letter, those with one or more years also received a participation bar, or plaque based on the number of years they have participated.

### Track & Field has Record-Breaking Season

Lake High School boys and girls track teams put in extra time, effort, and hard work this 2018 season. They endured a challenging spring season in terms of weather. However, these student athletes thrived despite this adversity.

This past season produced some of the best performances ever in Lake track and field history! Five school records were broken this season. Senior **Elizabeth Romigh** set a new record of 9'6" in girl's pole vault, breaking Haley Groubert's old mark of 9'4." Freshman **Alexandria Bauer** set a new record in the girl's mile at 5:16.19, besting the old mark of 5:23.16 set by Laura Tweedie in 2013. Junior **Tye Hunt** broke the long jump record, which was 21'10" set by Alex Cruz back in 1995. The new record is 22'2".

In addition, two sprint relay records were also improved upon. The old 4x200 relay record set in 2010 by Jimmy Luther, Danny Reed, Jake Viscounte, and Ryan Christiansen with a time of 1:31.21, was beaten by senior **Joseph Drinkwater**, senior **Ray Shawn Brooks**, sophomore **Seth Protsman**, and junior **Tye Hunt** with their record setting time of 1:29.27. The old 4x100 relay record also set in 2010 of 43.67 set by Jimmy Luther, Wes Wilson, Danny Reed, and Ryan Christiansen was beaten with a time of 42.97, with a second record breaking performance turned in by **Drinkwater, Brooks, Protsman**, and **Hunt**. *These are accomplishments all Blue Streak can be proud of!*

### Ohio NE Regional Qualifiers

Representing Lake High School in late May at the Northeast Regional Track Meet held in Austintown Fitch were outstanding student athletes in a variety of events. Qualifying for regionals is achieved by finishing in the top four places at the district meet, where fourteen District I local schools participated, resulting in 28 competitors per event.

Sophomore **Taylor Walls** competed in the girls shot put; she placed fourth to qualify. Freshman **Alexandria Bauer** placed fourth in the mile, and third in the two mile to qualify

in two events. Freshman **Nathan Moore** qualified to compete in the mile and two-mile races, after winning both events at districts.

Other individual qualifiers for regionals included junior **Tye Hunt** in the 200m, senior **Corey Harder** in the 300m hurdles, and sophomore **Seth Protsman** in the 100m. Qualifying for the 4x100m, 4x200m, and the 4x400m relay events were teams made up of **Joseph Drinkwater, Ray Shawn Brooks, Tye Hunt, Jacob Widmer, Evan Protsman, Corey Harder** and **Seth Protsman**, all of whom were District Champions in all three relays.

**Sports Registration** Beginning in the 2018-2019 school year, all Lake Local new registrations, and athletic forms will be completed using FinalForms. Parents will be able to complete and update information online and will be able to easily update changes to any important information at any time. Sports registration forms will be included when your child chooses to try out for a team. Registration emails were sent to all Lake Local parents on May 17, 2018.

**Sports Physicals** Sports physicals for the 2018-19 school sports seasons will be offered June 5, 2018, in the Lake High School gymnasium. Middle School physicals will be completed from 9-10 a.m., and high school physicals will be from 10 a.m.-noon. Cost is \$25 payable to Lake Athletic Booster Club. Athletes will need to bring a check and their completed Pre-Physical Exam questionnaire (PPE) from FinalForms. Physicals are good for one year from the date of exam.

**Football Season Tickets** Reserved seat tickets are now on sale for the 2018 football season. Pick your seats and pay online; visit the athletic web site at <http://www.lakelocal.org/Athletics.aspx> and choose the link on the left that says "Buy Tickets Now."

**2018-19 Participation Fees** The Lake Local Board of Education is keeping participation fees at their current levels: High School-\$125; Middle School-\$75. The fee is per year, not per season. Fee is due as part of sports registration to be completed before practice. Students not registered and paid may be denied participation. Students cut from teams or injured will be refunded per the policy.
